## Lynch Candidate For Re-election As Register of Deeds

I wish to formally announce my candidacy for re-election to the office of Register of Deeds. In this contest there are those who are seeking the office via the route of personal qualification. I shall not resort to such tactics; rather, I will stand on my record as Register.

I have made it a point to make our Registry as efficient as possible through the utilization of such modern and money-saving devices as the instant copier machine which gives a copy of a deed or other instrument in ten seconds. We have also initiated and completed a filmsort program which enables the public to examine the instruments contained in the Registry's 3046 books on one floor.

We have also completed the grantor consolidated index which involves over 35,000 entries covering a five year period. A less frequently used index, the grantee consolidated index, is in the process of being completed.

For the purpose of providing better service to the public, and to bring about still greater economies and efficiency, the Registry of Deeds will move into the former S.I.S. building if present plans are carried through. The first floor location will offer greater public accessibility. The bank vaults will be utilized for the storage of plans. The bank floor plan will allow for the confinement of the complete Reg-

istry operation with its various departments. This move has been commended by members of the Register's of Deeds Association and I believe it is an important step in making our Registry the best in the Commonwealth.

As we all know, costs have risen throughout the entire State. As family expenditures have increased, so have the operating expenses of all businesses, both public and private. In spite of increased expenditures, I have been able to turn over to the taxpayers, during my tenure as Register, a profit of \$121,459.87. I pledge a continuation of this same business-like administration.

## "Stop The World... I Want To Get Off" At Mt. Tom

Two years ago something happened on Broadway. An unheralded British musical slipped quietly into an empty theatre and went about their business of rehearsing preparatory to opening a few weeks later. They'd been a big hit in London, but that doesn't mean anything here so they didn't brag about it — they just went on rehearsing. The show was "Stop The World — I Want To Get Off!"

Those who passed the billboards outside the Shubert Theatre usually stopped and looked twice at the title. Some smiled, some raised an eyebrow, some shrugged — some simply shook their heads sadly and walked on muttering a few descriptive phrases about the United Kingdom in general.

During the Broadway run Anthony Newley and his co-star Anna Quayle had to leave the cast because of other commitments (they had only signed for a year's run thinking they'd have time to spare and then some). So two other talented people stepped into the leading roles. Kenneth Nelson and Joan Eastman have been a part of "Stop The World" ever since.

The now touring National Company with Mr. Nelson and Miss Eastman in the starring roles will play a limited engagement at the Mt. Tom Playhouse

in Holyoke beginning with Monday evening, Sept. 7th. Performances are Monday through Friday evenings at 8:30 and Saturday evening at 9. Matinees are Wednesday at 2:30 and Saturday at 6. The Playhouse box office is open daily from 10 to 10, except Sundays.

### PROMENADERS

**AL AND ELAINE TAUPIER**  
Modern Square Dancing is the coming thing. There has been a "week" set aside in favor of it. "Learn To Square Dance Week", which will be held from Oct. 14-Oct. 20, has been designated by Governor Endicott Peabody.

For those unfamiliar with square dancing, you will find many added advantages. Besides being a form of recreation, it is good not only for the nerves and temperament, but also for the general health of the participant. Square dancing also tends to firm the body and do much for the figure. An added feature, not to be disregarded, is that it is also an inexpensive form of recreation.

A special note to Agawam Promenaders: We would like to see as many of you as can be at our kick-off event on Sept. 15, along with an additional friend or two who might develop interest in the intricacies of square dancing.

If there are any questions regarding the details of these classes, please feel to call Ken and Thelma Gardner at RE 7-5704 or Bob and Maddy Dugan at RE 2-3567. These two couples are in charge of the class. We hope the date of September 15 is in big letters on everyone's calendar. We are looking forward to seeing you then.

## "Flower Drum Song"

### Storowton Music Fair Finale

Storowton Music Fair will close its 1964 season with a return engagement of Rodgers and Hammerstein's musical hit, "Flower Drum Song," opening Monday, Sept. 1 for one week only.

The production will star Yin Sun, Johnny Haymer and Maureen Tionco, who, with the exception of Mr. Haymer, are repeating the roles they played in the 1961 production.

The fun-filled musical tells of the conflicts between the Old World and the New as tradition-bound parents puzzle about their "modern day" offspring. Yin Sun, who understudied the role of Linda Low on Broadway, is playing the role in summer theatres for the fifth time, along with many other players who have toured with the musical for the past several summers.

The plot revolves about Miss Sun, as a high-kicking night club stripper who falls in love with a

Chinese - American youth, much to the dismay of his family, who adheres to old world standards. Parents and their offspring muse on the dilemma delightfully in song as each queries "What are we going to do about the other generation?" It all adds up to a fun-packed evening, set to one of Rodgers and Hammerstein's most captivating and rhythmic scores.

## Still More Tragic, The Part That Can't Be Shown!

Bad enough, to see your accident-smashed car wind up on a junk heap. But the grimmest part of the picture doesn't show here. Behind these wrecks lies a tragic toll in precious lives lost, years of suffering and handicap to be endured. This indeed, is your BEST reason to drive carefully!

With heavy Labor Day weekend traffic jamming the highways, this is the time to drive with EXTRA care, to keep your eyes on the road, your hands on the wheel, your car off the junk heap, your name off the casualty list.

## LEGION AUXILIARY UNIT NEWS

by Virginia Catchepaugh

*With Song In Our Hearts*  
"Here's September come again, bringing with it the beginning of activities of the Auxiliary year of 1964-1965. New officers have settled town to their work in most

Units and Departments. New committees have begun their plans for fall and winter ahead. The National Convention, Sept. 18 to 24, will elect new national officers and decide policies for the coming year."

"Already many Units are enrolling members for 1965, although dues are not officially due until Oct. 20. It is good to be off to a flying start on the new year's membership and have that annual effort out of the way early. More than half of our Departments reacher their 1964 membership goals and hopes are high for an even better membership year in 1965."

September is Music Month on the Auxiliary's Calendar of Activities, when we emphasize mu-

sic and plan our music program for the year. National Music Contests will be held in Dallas during the National Convention. So—we begin the new Auxiliary year with song. And may we keep song in our hearts throughout the year as we go forward in our great endeavors for the progress, security and freedom of America."
